Subject: Williams - ST012 - Proposed Additional Monitoring Wells Table and figures with current injection-extraction locations
Attachments: Proposed Well Locations 103018.pdf; Proposed wells table_10-30-18.docx

BCT members

Please find attached a revised proposed additional monitoring well table and prioritization based on our recent conference call and current site data. Also included is a set of figures showing the proposed monitoring well locations with respect to the current injection/extraction locations for Phase 1 pilot study based on current site data. The current pilot study injection/extraction locations will be documented in a follow-on Field Variance Memo.
